ADDRESS REPLY TO NURSERY DIVISION OQUOSSOC, MAINE

February 26, 1932

To Our Friends & Customers:-

We take pleasure at this time in sending you our new Spring Price List. Our prices have always been consistently low but we are glad to announce a reduction of 10% on our entire list.

For lining out stock, we have a large supply of two and three-year-old seedlings at a very low price. Of especial interest to reforestation planters and Christmas tree growers are the low prices of four-year-old transplants, including balsam fir.

We are offering this year for the first time, trees suitable for planting the home grounds, in the larger sized trees, balled and burlapped for immediate effect.

Do not delay in ordering your spring planting stock. It will be to your advantage to make immediate inquiry relative to any item in which you may be interested. Certain species of our stock are limited and all orders are subject to prior sales.

Whatever the size of your order, we welcome it and assure you individual attention and service.

Very truly yours,

BROWN COMPANY
